About the Company

Kamarta Robotics Technology and Automation Pvt. Ltd. is a technology-driven company working in the field of robotics, automation solutions, and educational DIY robotic kits. The company focuses on innovation, product development, and expanding robotics solutions across educational institutions, industries, and retail markets.

Key Responsibilities

1. Develop and implement marketing strategies to promote robotics and automation products.
2. Increase product sales and market presence in **Uttar Pradesh and Madhya Pradesh.**
3. Identify and appoint distributors, dealers, and retailers in the assigned territory.
4. Conduct product presentations and demonstrations for schools, colleges, coaching institutes, and corporate clients.
5. Plan and execute marketing campaigns, promotions, and brand awareness activities.
6. Build and maintain strong relationships with clients and channel partners.
7. Monitor market trends, competitor activities, and customer requirements.
8. Work closely with the sales and production teams to achieve company targets.
9. Maintain proper reporting of sales activities, leads, and marketing performance.

Eligibility / Requirements

- Bachelor's degree in Marketing, Business Administration, Engineering, or a related field.
- Strong communication, negotiation, and presentation skills.
- Ability to travel within Uttar Pradesh and Madhya Pradesh.
- Experience in marketing, sales, or business development is preferred.
- Interest in robotics, automation, and technology products will be an advantage.

Probation Terms

- The candidate will undergo a **3-month probation period**.
- During probation, the salary will be **₹15,000 per month**.
- Performance will be evaluated during the probation period.
- Upon successful completion of probation, the candidate will receive the **annual CTC of ₹8.90 Lakh** as per company policy.
