Company: Techlive Solutions
Location: E-92, Phase-8, Mohali, Punjab
Employment Type: Full-Time / Internship
Joining: Immediate
Salary / Stipend: As per company standards and performance

Job Opening Positions

- Web Developer
- Marketing Executive
- Business Development Manager (BDM)
- Artificial Intelligence / Machine Learning Intern

Job Overview

Techlive Solutions is looking for motivated and enthusiastic candidates to join our growing team in multiple domains including **software development, marketing, business development, and artificial intelligence**.

Selected candidates will work in a professional environment where they will gain hands-on experience, collaborate with experienced professionals, and contribute to real-world projects.

Key Responsibilities

Web Developer

- Develop and maintain web applications and websites.
- Write clean, efficient, and scalable code.
- Work with front-end and back-end technologies.
- Debug and troubleshoot website issues.
- Collaborate with designers and backend developers.

Marketing Executive

- Promote company training programs and services.
- Develop marketing strategies to attract students and clients.
- Manage digital marketing campaigns and social media platforms.
- Generate leads and maintain marketing reports.

Business Development Manager (BDM)

- Identify new business opportunities and partnerships.
- Communicate with potential clients and maintain relationships.
- Generate leads and convert them into business opportunities.
- Coordinate with marketing and technical teams.
- Achieve monthly sales and business targets.

AI-ML Intern

- Assist in data collection, preprocessing, and analysis.
- Work on machine learning models and algorithms.
- Support AI-based project development.
- Conduct research on AI/ML technologies and tools.
- Assist senior developers in implementing solutions.

Required Skills

Technical Skills

- Basic knowledge relevant to the applied role.
- Familiarity with software tools and technologies.
- Understanding of programming, marketing, or data analysis concepts (depending on the role).
- Basic computer proficiency and MS Office knowledge.

Soft Skills

- Good communication and interpersonal skills.
- Problem-solving ability and analytical thinking.
- Teamwork and collaboration mindset.
- Positive attitude and willingness to learn.
- Ability to work in a target-driven environment.

Eligibility Criteria

- Graduate / postgraduate in relevant fields.
- Preferred backgrounds: **BCA, B.Tech, BBA, MBA, MCA, or related disciplines.**
- Fresher's candidates with **0–2 years of experience** are welcome to apply.
